PROFESSIONAL SUMMARY

Computer Science graduate and frontend developer with practical experience teaching frontend development and office productivity applications. Familiar with HTML, CSS, JavaScript, React.js, Tailwind CSS, and Git/GitHub. Able to explain technical concepts clearly, guide learners through practical exercises, and build responsive web interfaces. Interested in frontend development opportunities where I can contribute, learn, and grow.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS

Office Applications: Microsoft Word, Excel, PowerPoint

Professional: Teaching, communication, presentation, and learner support

PROFESSIONAL EXPERIENCE

Frontend & Office Automation Instructor
APTECH EDUCATIONAL INSTITUTE | December 2025 – October 2026

- Taught students frontend development fundamentals and guided them through practical learning activities.
- Instructed learners in the use of HTML, CSS, and JavaScript for building web pages.
- Trained students to use Microsoft Word, Excel, and PowerPoint for common academic and workplace tasks.
- Explained computer and software concepts clearly and supported students during hands-on exercises.
